

About Us

National Institute of Technology Patna was formerly known as Bihar College of Engineering Patna, a constituent engineering College under Patna University. It was rechristened NIT Patna on 28th January 2004 as an Autonomous Institute under the Ministry of Education, Government of India. The Institute imparts high-level education, training, research, and development in Science, Engineering, Architecture and Planning, Humanities & Social Sciences and Technology.

International Conference WET-WAR 2025

Wetland ecosystems and water resources are among the most productive and biodiversity-rich environments on Earth. Organizing the first-ever conference on wetland ecosystems for sustainable development is a significant step in addressing both local and global environmental challenges such as habitat loss, climate change, and water scarcity. This conference will provide a unique platform for experts, policymakers, researchers, and local communities to come together and share knowledge, collaborate on conservation strategies, and develop solutions for safeguarding wetlands and water resources.

Major Themes

Wetlands and Sustainable Development

Water resources and sustainable development

Climate change impacts on wetlands and water resources

Water quality monitoring, modelling and pollution remediation techniques
